## Product highlights

**1.3 Megapixels**
*With 1.3 Megapixels you can use your webcam as a camera for taking high-quality photographs that are even good enough for printing larger sized high-quality images.*

**3x digital zoom**
*Zoom in and out to get the perfect framing for any image. You control the zoom entirely via the on-screen interface while you're looking at the image so you can adjust it perfectly.*

**Precision glass lens**
*Sharp, crisp and clear. Precision glass lens guarantees you high image quality for all applications - from snapshot to video messaging. The finished lenses are coated with a special film to extend their working life and protect them from wear and tear and dust accumulation.*

**Automatic face tracking**
*The state-of-the-art camera software automatically detects your face and moves the lens to follow you as you move. You stay in the centre of the image even if you move during a video conference. It gives you the freedom to express yourself and converse naturally.*

**Built-in digital microphone**
*The built-in digital microphone allows you to talk naturally and freely or to add sound to a video clip recording.*

**Change Your Background**
*Replace your real-life background and fool your friends into thinking you're somewhere else! You can move around and chat as normal, while the software automatically fills in the background behind you. There are 15 great backgrounds to choose from, or you can upload and project your own favourite backdrop.*

**Exciting fun frames/effects**
*Keep chatting fun by adding the unexpected. Surprise your friends with one of ten themed fun frames around your face to match your chat. Or entertain them with special fun effects that will make you look like you are a negative, embossed or even distorted.*

**Add a fun logo to your webcast**
*Personalise your webcast or blogs by adding your own fun logo. This special software enables you to insert a small image in any corner of the streaming video, in the same way that TV channel logos appear on your television.*

**Compatible with all services**
*The webcam and its software have been designed with all instant messaging services in mind. Add video to Skype, Windows Live Messenger, Yahoo! Messenger, AOL Instant Messenger and other services.*

**Stable mount**
*The multifunctional stand makes it easy for you to mount the webcam on any monitor, laptop, notebook or flat surface.*
